

# PILLARS OF STRENGTH

## LOANS

### DID YOU KNOW?

**Our Mission** is to be the preferred lending partner with congregations, providing the best loan option for their unique needs.

**Our Operating Philosophy** is to be the low cost lender to congregations so the congregation and its ministry will benefit.

**Our Promise** is to deliver a superior customer service experience.

**Our Goal** is to go above and beyond to identify solutions when challenges arise.

### HONORING THE PAST. FOCUSING FORWARD.

We honor the past . . . and thank God for the creation of the Texas District Church Extension Fund. Since 1888, CEF has provided investment opportunities and low cost funding for Texas congregations to build and expand.

We focus forward . . . and strive for the goal of anticipating and being responsive to the ministry needs of the future; to continue **boldly** and **responsibly** making decisions that will impact the kingdom.
